If you need to restart your device, hold the **Power Key** for about 10 seconds.

**WARNING!**
Only 4FF nano-SIM card is supported for use in this device. To avoid damage to the phone, do not use any other kind of SIM card or any non-standard nano-SIM card cut from a SIM card. You can get a standard nano-SIM card from your service provider.
Always keep the microSDHC /nano-SIM card slot covers securely closed to protect your handset against liquid damage.

If liquid enters the headset or USB charging ports please shake the handset to eliminate the liquid. See your user guide for more info.

To view the full user guide, please go to **Apps > User Manual.**
